Commission's Rules to Establish Rules for)	
Digital Low Power Television, Television)	
Translator, and Television Booster Stations and)	
to Amend Rules for Digital Class A Television)	
Stations)	

To: The Commission

REPLY COMMENTS ON FURTHER NOTICE OF PROPOSED RULEMAKING

King Street Wireless, L.P. ("King Street"), by counsel, submits its Reply Comments in the captioned proceeding.

King Street holds a number of Block A Lower Band 700 MHz licenses. As such, it is directly impacted by operations of LPTV and other broadcast entities in the upper portion of the digital broadcasting band.

By these Reply Comments in the captioned proceeding, King Street lends its support generally to the comments submitted earlier in this proceeding by Cell South, Inc. and CTIA – the Wireless Association. In particular King Street urges the Commission to limit the filing of displacement application to channels below Channel 50 and in order to minimize the potential for interference to wireless operations in the 700 MHz band.

Respectfully submitted,

KING STREET WIRELESS, L.P.
